POST-COVID TOURISM DYNAMICS

**STRUCTURAL ACTIONS TO BE TAKEN FOR A SUCCESSFUL TRANSITION OF
TOURISM IN THE MOUNTAINS**

KEY ACTIONS TO TAKE

Include Mountain management in the regional development approach with all sectors of activity

Balance of mountains as a place to live and holiday destination

KEY ACTIONS TO TAKE

Include future climate changes impact and adaptation as inherent for any action and policy

KEY ACTIONS TO TAKE

Collective action to reduce environmental impacts and carbon footprint

MOBILITY

WATER

URBANISM

ENERGY

BIODIVERSITY

KEY ACTIONS TO TAKE

CO-CREATION

Research, Innovation and entrepreneurship systems to support transition-related needs.

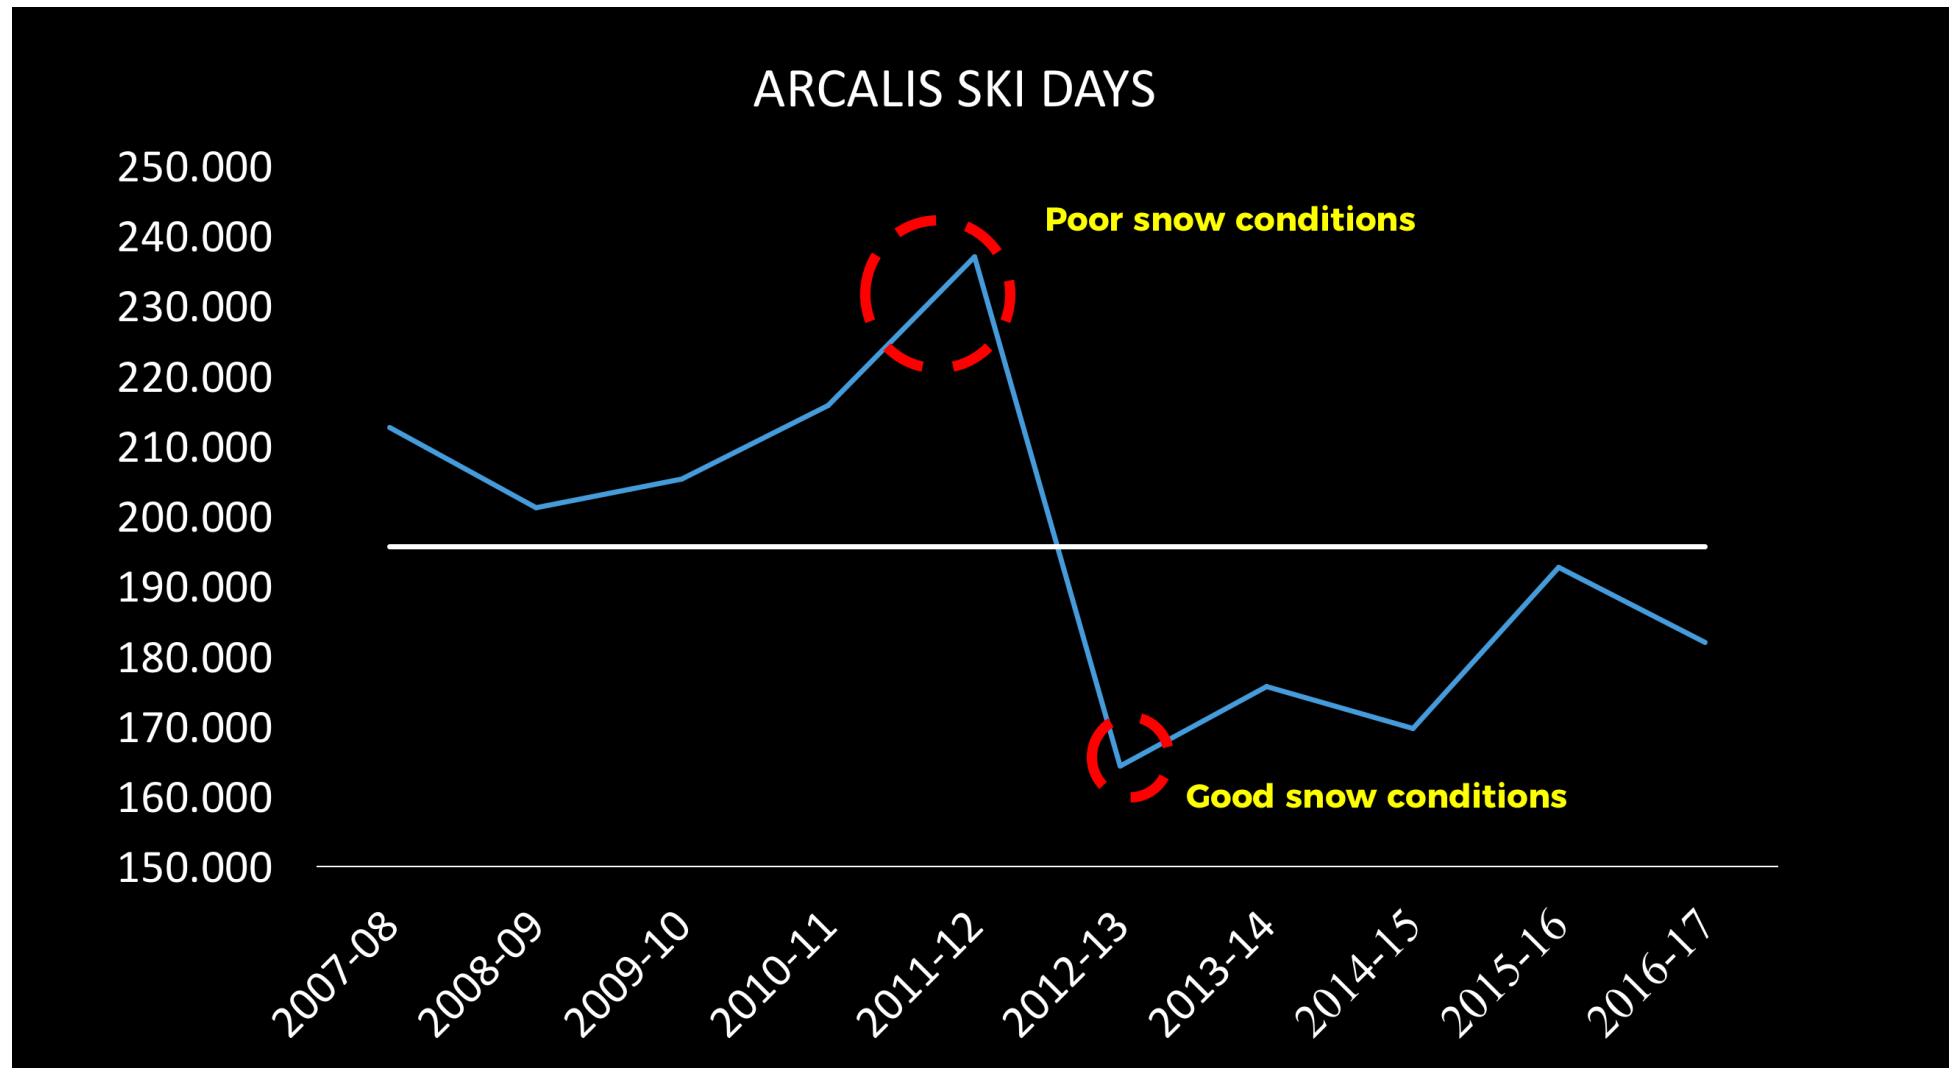

KEY ACTIONS TO TAKE

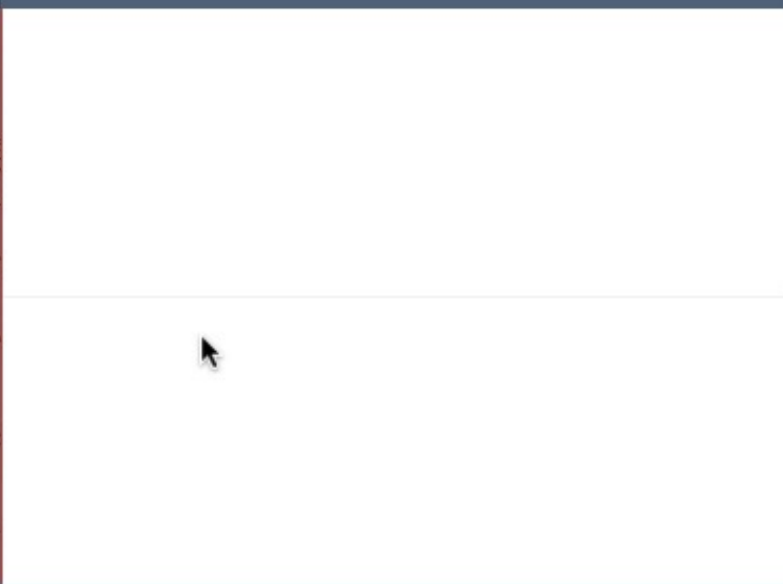

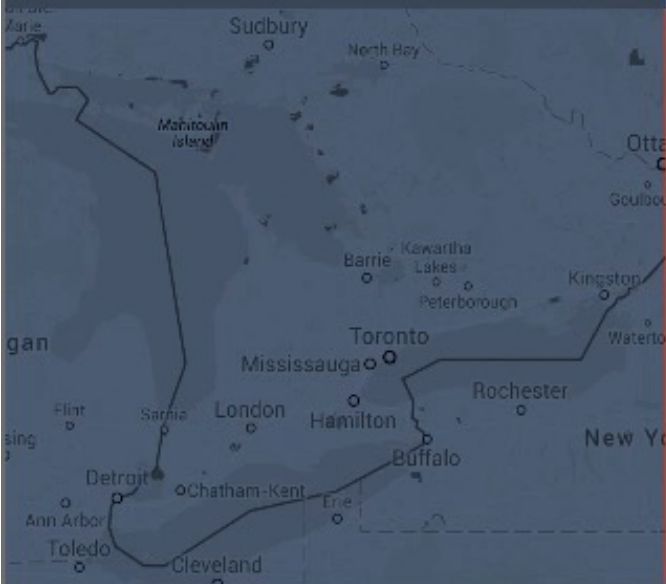

MORE COOPERATION

Increase synergies between local, regional, national, cross-border and transnational European strategies

Synergies between public adm, academia, researchers and society

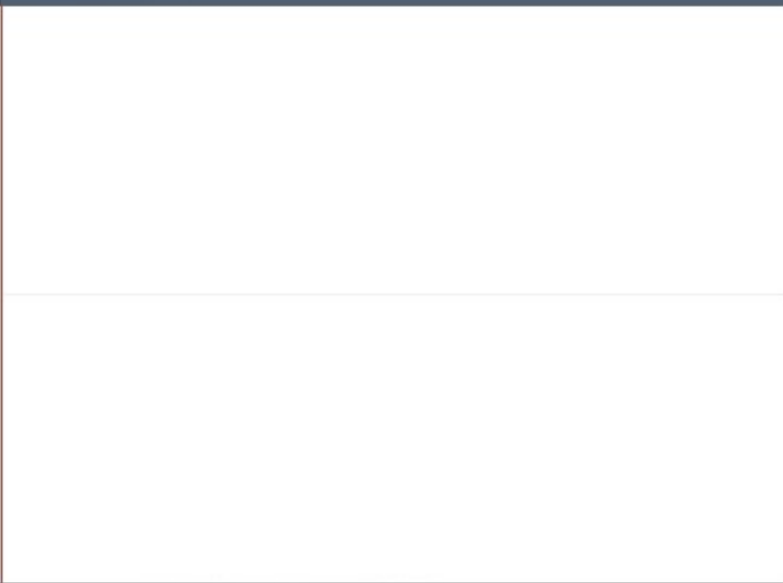

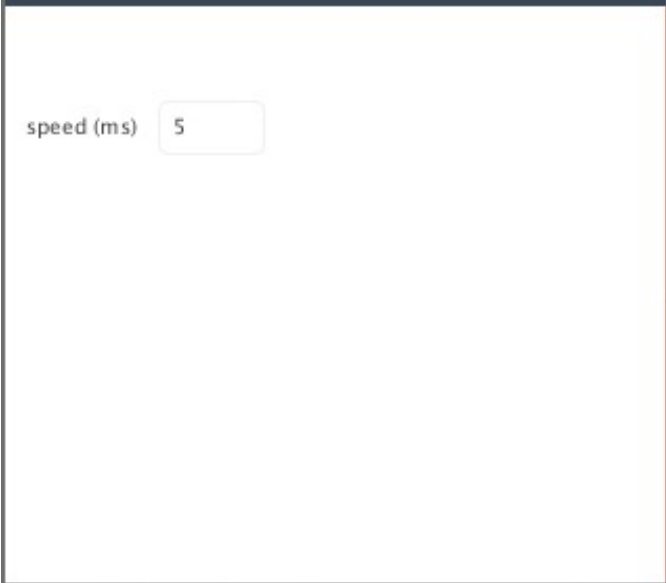

DIFFERENT IMPACT OF CLIMATE CHANGE ON SKIERS ATTENDANCE
